TRIBUTE TO DANA BENNETT

● Ms. CORTEZ MASTO. Mr. President, I come forward today to recognize the career and service of Ms. Dana Bennett, who will soon retire as president of the Nevada Mining Association. Ms. Bennett is the first woman to lead the Nevada Mining Association, serving as the State industry's educational and advocacy leader, as well as its chief representative in national and international outreach. As we commemorate her retirement, her countless contributions to the great State of Nevada are worthy of recognition.

Ms. Bennett began her career of service to Nevada as a principal research analyst with the Nevada Legislative Counsel Bureau, LCB, where she worked with both parties and committee staff in the State senate and assembly for over 9 years. One of her more notable achievements during her time at the LCB was identifying an error in the 1929 bill that established the design of the Nevada State flag. Ms. Bennett's sleuthing resulted in a design change to the Nevada State flag, ensuring that it fully complied with the law and producing the flag that we still proudly fly today.

In 1998, Ms. Bennett left the LCB to start her own legislative and policy research services company. She went on to represent such clients as the Nevada Broadcasters Association, the Nevada State Medical Association, the Associated General Contractors of Las Vegas, and many more. Ms. Bennett successfully ran this company, Research by Design, from 1998 to 2004, before being offered the position of director of government affairs at R&R Partners—one of Nevada's premiere public relations and government affairs firms.

In 2006, Ms. Bennett left R&R to pursue a graduate degree at Arizona State University, ASU. During her time in graduate school, Ms. Bennett served as a policy analyst at the Morrison Institute for Public Policy; a research assistant at the ASU School of Historical, Philosophical and Religious Studies; and a research historian at the Arizona State Archives.

In January 2011, Ms. Bennett returned to Nevada to once again serve, this time as senior researcher for Governor Sandoval, eventually becoming the Northern Nevada regional director for the Governor's Office of Economic Development. As regional director, Ms. Bennett was a catalyst in the overhaul and redevelopment of that State agency, where she created the new State plan for excellence in economic development and worked to improve collaboration between the State and its regional development authorities to better facilitate economic growth in Nevada.

In December 2014, Ms. Bennett was named president of the Nevada Mining

Association. Through this role, Ms. Bennett has worked tirelessly to advocate for the mining industry in Nevada and educate people about the importance of mining and its impact on both the State and global economies. From her time at LCB, to becoming the first woman President of the Nevada Mining Association, Ms. Bennett has been a trailblazer for women in Nevada, helping break the glass ceiling in industries often dominated by men.

Through all of Ms. Bennett's incredible work and public service, she has gained an intimate understanding of the policy and initiatives that aim to improve the lives of all Nevadans. It is my sincere hope that Ms. Bennett will continue to be an advocate for the people of Nevada and their interests. Today, I celebrate the many contributions of Ms. Dana Bennett. Nevadans are fortunate to have had her leadership, knowledge, and voice during her service to both the State and the country.●

TRIBUTE TO JIM BYRUM

● Ms. STABENOW. Mr. President, I rise today to honor someone who has dedicated his entire career to promoting Michigan agriculture and someone I am proud to call my friend.

I have always said that, in Michigan, we don't have an economy unless we make things and grow things. For more than 40 years, Jim Byrum has been helping Michigan do just that.

That is a big deal for our State. From West Michigan's fruitbelt, to the forests of Northern Michigan and the Upper Peninsula, to sugarbeet and dry bean fields in the Thumb, to biofuel production providing good jobs in rural communities, to dairy and food processing businesses in cities and towns of all sizes, agriculture is our State's second-largest industry, supporting one in four jobs.

During his nearly 25 years with the Michigan Agri-Business Association, Jim has been a powerful advocate for those one in four jobs and for his organization's more than 400 members. His vision, insight, hard work, and great sense of humor have played a strong role in the association's success.

It is no surprise that Jim knows exactly what his members need; he has his own lifetime of experience to rely on.

Jim is the fourth generation of Byrums to live on his family's farm in Onondaga. Before he joined the Michigan Agri-Business Association, he was State executive director of Michigan's Farm Service Agency and executive director of the Michigan Bean Commission.

Jim may be moving on, but the imprint he has left on the agribusiness industry will live on. I know that Jim is particularly proud of the work he has done to expand markets internationally and to build the Michigan Agri-Business Leader Program, which has been bringing together different sec-

tors of agriculture and training the next generation of leaders since 2008.

I have been especially grateful for the culture of cooperation and bipartisanship Jim has helped cultivate in our State during a very challenging time for the industry.

As Jim told Russ White of MSU Today back in September: "There's going to be more change in the next 20 years of this industry than there has been in the past 50. And that change is coming at light speed . . . it's going to benefit consumers . . . it's going to benefit producers . . . but folks better be ready to embrace it."

I know for a fact that Michigan's agricultural industry is better positioned to embrace change thanks to Jim's hard work and dedication. Speaking of change, I am so happy that Jim will have more time to spend with his wife Dianne, who is a leader in her own right, and his two children and grandchildren.

Jim, thank you for your friendship, your leadership, and your lifetime of work on behalf of Michigan agriculture. It has been my honor to be your partner in helping Michigan make things and grow things.

Thank you.●

TRIBUTE TO WICK SLOANE

● Ms. WARREN. Mr. President, it is my deep honor and privilege to celebrate the career and legacy of Massachusetts resident, Wick Sloane of Bunker Hill Community College, or BHCC, as he retires this year.

Wick Sloane came to BHCC in 2006 and retires this year from his "official" job of helping students transfer to 4-year colleges. Wick leaves behind an unwavering commitment to the students—from their success in the classroom to ensuring that all of their basic needs are met.

Wick has worked tirelessly over the years to address even the most basic needs of low-income students, like student hunger and homelessness. His work touched the BHCC community in Massachusetts but also college communities far beyond BHCC throughout Massachusetts and across the country.

Due in large part to Wick's steadfast advocacy and voice, I successfully led several of my Senate colleagues in requesting the Government Accountability Office, or GAO, to conduct a study on food insecurity at colleges and universities. The GAO agreed to complete the study, which it published in January 2019. The groundbreaking study confirmed that food insecurity is a widespread issue on American college campuses and made recommendations for Federal action to address hunger issues for students in higher education. This study led lawmakers at the local level and at the national level—myself included—to introduce legislation to address hunger on college campuses.

Wick saw a problem impacting his community in Massachusetts and took action, resulting in immediate support

for our most vulnerable students in the BHCC community and Federal action that will begin to create change for millions of vulnerable students across this country.

Wick was one of the first BHCC professors to teach late-night classes through the college's nationally recognized Midnight Classes Program. In 2017, Wick's contributions were recognized by Governor Baker, who awarded him the Manuel Carballo Governor's Award for Excellence in Public Service.

As Wick retires, we thank him for his years of service at Bunker Hill Community College and to students across the Commonwealth. I know Wick will keep fighting on behalf of our students in Massachusetts and beyond as he begins this next chapter. ●
